

One task our team was assigned included painting of the inside of the Chapel/Multi-purpose building and the hallways, common areas, and student laundry in the dormitory building. The other task involved working in the library. Our primary task was to check the library shelves for misplaced books and shelve them in their proper location.

Top: One of the common areas in the dormitory, the team painted.

Middle: Roger Jespersen and Bonnie Stewart going through the shelves locating misfiled books and returning them to their proper place. Susan Jespersen and Marilyn Sherman also worked in the library.

Lower Left: Roger with Alvaro, the UBL Librarian. **Lower Right:** Gifts from the staff and students of UBL in appreciation of the work our team did.
